If you already have an ecandidat account because you have applied in the past via ecandidat to a program at our university you can select the 1<sup>st</sup> option, enter your login details that you already have from your previous application and proceed to add your request for enrollment in the program: Pantheon Sorbonne Master of Economics code U4B401.

Once logged into the ecandidat system you will be brought to the home page which looks like this where you can enter your information and select the program you are applying for. It brings you automatically to each page in the French version. Just click the UK flag on the top right to put it in the English version each time.

Once you go through the process entering your personal information (the 1st thing it asks for is your nationality and the list is in some weird order for some of them, Americaine for example, and you won't need to enter an INE as you likely don't have one yet), Title M. is for those that identify as Mistor (male) or Mme. for those that identify as Madame (female), Countries may be found in French in the drop down list (ex. Etats Unis for United States). Always save your entries.

Diplôme d'université Panthéon Sorbonne Master in Economics	psme	From 13/09/2021

Then click on **Diplôme d'université Panthéon Sorbonne MSc. In Economics**

A pop-up window will appear asking you if you want to apply to this programme, make sure it's the right programme and click on « **OUI** » or Yes.

Click on « Telecharger mon dossier » or download my file on the bottom right, and save this file.

Make sure to have a **copy of your passport ID page, copy of your undergraduate diploma, and two ID photos** which you will eventually have to upload in the system if you are admitted in order to obtain your student card.

I will receive notification of your « application for the PSME », share it with the admission committee, then you will receive an email to your inbox with your admission decision and with instructions you'll need to follow to complete the enrollment process later in the summer.

#### For those who receive a positive admission reply :

You will have to accept your admission in the ecandidat system and you will receive an email with the link for enrollment and payment of the tuition fees (6500 euros, plus CVEC (amount determined by the French government in the summer for the upcoming academic year)).

Once you confirm your acceptance and pay your fees you will be able to follow the step by step procedure to register via

<http://primo.univ-paris1.fr> (this enrollment platform is in French but you should be able to get through it) and I have confidence in your abilities to problem solve and succeed.

At some point it will ask you how you want to pay and you'll have to click either one: "paiement par chèque" ou "paiement par CB" (mandatory step) but you'll have nothing to pay via this system since you've already paid. It should say you have to pay 0€.

For those of you that have opted for a double enrollment and been accepted, we will be able to give you an authorization for your 2<sup>nd</sup> enrollment in the system once you have completed totally your 1st enrollment in the PSME and then you will be able to register for the 2<sup>nd</sup> enrollment via

<http://reins.univ-paris1.fr>, and this time you'll have to pay online the 2<sup>nd</sup> enrollment cost of (243,00€) by CB (credit card or bank card).

If ever requested, the PSME Program Code is: U4B401
